## THE COVER

Find a pretty girl, and an editor always has a subject for the cover of a magazine. When that pretty girl is a Theta, incoming president of her chapter, and that chapter is a scholarship winner—hoot mon, but this is enough for several covers! That's not to say that Evelyn Stubblefield Cass, college president, District XVII, who is making the scholarship plaque presentation at the District Convention on the New Mexico campus in Albuquerque last April, doesn't look real sharp, too. But we're sure she'll agree with us that it was a pleasure to give the District XVII scholarship award to Susan McCarty for her chapter, Beta Gamma, Colorado State. All over the country this past spring other pretty and smart Thetas were walking up to other rostrums, accepting scholarship and efficiency awards for their chapters as the seventeen Theta districts (see page 23 and ff.) met, studied, discussed the future of Theta—and of fraternity.

## More on Beta Beta

I have received the pictures which you returned to me after their use in the article, "We Salute Beta Beta," appearing in the KAPPA ALPHA THETA MAGAZINE Summer 1961 Issue (page 14). I shall see that they get in the 1960-1961 scrapbook which the girls of Randolph-Macon Theta continued last year, even though sororities were then abolished on our campus.

Any help I may have given to this chapter of Theta has come back to me over and over in their confidence and love over the years and I shall miss that relationship sadly when the last Beta Beta girl graduates in 1963. There will be twenty-two Thetas still in Randolph-Macon this fall—ten seniors and twelve juniors. Three of the seniors are returning from their junior year in France and will have much to tell us of all they have seen and done.

DOROTHY HUGHES

## The Missing Directory

Among a number of Thetas new to Milwaukee two of them have expressed regret that a list of Alumnae Chapters was not included in the Winter Issue of the KAPPA ALPHA THETA MAGAZINE. It took them awhile to track me down. I assume there was a good reason to leave the list out but I thought you might like to know it had been missed.

MARJORIE SWENSON SOPER  
Alpha, DePaul  
1960-1961 President  
Milwaukee Alumnae Chapter

• Yes, we miss the full Directory, too, wish it could be printed in all issues of the magazine. But because it takes so much space (eleven pages) it was decided several years ago to print it in only the Autumn and Summer issues. To keep Theta names and addresses at your finger tips, save these issues for ready reference any time.

## Our Panhellenic Issue

I do want to congratulate you on the Spring Issue. I read it from cover to cover and I think it's the best issue I've seen. And I've been reading the Theta Magazine for years.

FLORENCE BUCK FULLER  
College President, District XIV  
Alpha Xi, Oregon

I thoroughly enjoyed the Panhellenic Issue—bless your "pioneering" heart!

JEAN HARRINGTON COOGAN  
Alpha Mu, Missouri

We have just received the spring edition of the KAPPA ALPHA THETA MAGAZINE and think this is one of the finest editions that Theta has edited. Of course the material is dear to our hearts in a Panhellenic Office.

We were especially happy to see that our Theta representative, Mrs. Marian Garlinghouse of Lincoln, was recognized for her outstanding contribution to the Nebraska Panhellenic Advisory Board. We feel that she is a very valuable member and wish to congratulate Theta for choosing such a representative person. Thanks again for the fine Panhellenic spirit that Kappa Alpha Theta active and alumnae chapters have given to our Panhellenic.

• Ellen Bowers Hofstead, Theta's NPC delegate, who master-minded the Panhellenic Issue, take a bow!

## Tut! Tut!

Do look up two words in the dictionary—pour and pore!

GRACE WILLIAMS MCINNIS  
Alpha Omicron, Oklahoma

• We hang our head in shame. We did have Thetas "pouring over the initiate list." Pouring what? Water? Tears of joy? We don't know. But never again! If we do any further poring over anything, we'll spell it right.

## Names in the News

Del, my husband, and I were delighted that you chose our favorite picture from among those he made in February at the Gamma Delta chapter at the University of Georgia. In the Summer 1961 Issue of KAPPA ALPHA THETA MAGAZINE you used for the frontispiece in the This Is Fraternity feature the picture of two girls at a study table, using light from the study lamp only, with no flash on camera.

Inadvertently I neglected to send you the names of these Thetas. I would be greatly pleased if you could run their names in the next issue. They are Diane Reynolds, Miami, Fla. (left) and Ida MacGregor, St. Simons Island, Ga.

## What's That Again?

Knowing you and your staff are very busy, I hesitate to ask this favor. However, if it is at all possible, would you kindly return the enclosed picture.

Many best wishes to you and the entire staff. Keep up the good work!

• Sitting in our bedroom-turned-office, we keep looking hard for our STAFF, even sometimes peering hopefully under the bed! However, we're turning up some wonderful helpers (for the name of one, see above); someday . . . a staff?

## Postmarked June 10, 1961

Received, a letter addressed to KAPPA ALPHA THETA MAGAZINE, 13 East Avenue, Ithaca, N.Y. Forwarded to 118 Trip-hammer Road, Ithaca. Re-addressed to Noblesville, Indiana.

• This letter went to former editor (1909-1950) L. Pearle Greene's old address first, then to the Cornell chapter, and at long last to the current Theta ed (three editors later than L. Pearle). We feel rather wistful about this reach back into the past, but probably it's good for us. We'll have to try harder than ever to make people think we're worthy of wielding the same blue pencil as the never-to-be-forgotten L. Pearle!

YOUR EDITOR HAS A NOTION that she doesn't know where the summer went to. And as we say that we feel guilty to leave a preposition hanging on the end of a sentence. But, since even "ain't" is now made legal by appearance in the dictionary, the dangling preposition is supposedly legal, too. So we go merrily on our way, ruminating about where our summer did go *to*.

Taking our family, one by one—our teacher-daughter went to Chicago to take a business job; our high-schooler son went to Butler University to take Physics on a National Science Foundation grant; our younger daughter went to Purdue University to Band Camp; our 89-year-old father went into the hospital for surgery; our husband went about his business, traveling a lot as usual; and we—well we went round-and-round trying to keep up with the whole lot of them.

Which is perhaps why, still a little dizzy from all this going 'round, when we got to work on the Theta Magazine in late summer we hit upon the title, Roundabout with Theta, for our newest department. (Turn to page 21.) Truth is, we have in mind several new departments which we will be introducing from time to time. There are two reasons for these. First is, that the amount of copy that comes in for the magazine isn't getting any less and the space for the copy isn't getting any bigger! We are having to condense, abbreviate, revise (take your *Thesaurus* and look up all the words there are!) in every way possible.

The other reason that we hope to introduce new innovations is that we've chosen a sort of slogan for the magazine, taken from the words of wisdom given Panhellenic editors at their 1959 meetings. Speaker was eminent editor Randolph L. Fort, of *The Emory Alumnus*, whose theme was "*The reader; toujours the reader!*" Thus, *toujours the reader* is on our editorial mind. So our every thought goes toward improving the magazine, slanting its articles for maximum reader interest, developing features that tempt you, the reader, to read. Do stick with us as we try!

Unfortunately one of the penalties we pay for having a quarterly magazine, coming out in leisurely fashion (quite in tune with the charming 91-year-old lady that Theta is in 1961!) is that some news grows old before it reaches you. *Toujours the reader* would prefer to have fresh news, as quickly as possible. Thus, herewith we "sneak out" a few new news items, without waiting for the longer process of getting a "proper" story:

- Ann-Margret Olson, Tau, Northwestern (on our Summer, 1961 cover) is now singing under the name Ann-Margret, had a best-selling record this summer and fall, "I Just Don't Understand."
- *The Saturday Evening Post* is in the news with its new format and new editor. Wife of Theta Chi editor Robert Fuoss is the Eta, Michigan Theta, Mary Leckner.
- By appointment of President Kennedy, Eva B. Adams, Beta Mu, Nevada, leaves her post as administrative assistant to Senator Alan Bible, becomes new Director of the Mint.
- Tutoring in the household of American ambassador to Spain, Anthony J. Drexel Biddle, III, is Diane Bosse Bolinger, Alpha Chi Theta from Purdue.
- And in the This is Fraternity pic on page 4 are these active Gamma Delta, Georgia, Thetas, left to right, Joy Dixon, Jane Pullen, Joane Summers, JoLaine Wood, while the pledge adviser is portrayed by Helen Field Holden, Alpha Lambda, Washington.

And now to our deadlines:

*Active chapter editors:* Nov. 1. Due: 100-word shortie letter on the biggest problem or adjustment a girl has when she gets to college.

*All editors and others:* Nov. 15. Due: General items about Theta for Winter Issue, 1961-1962.

Send copy to Mrs. Herbert L. Garrard, 10 Heather Lane, Route 3, Noblesville, Indiana.

*Beckemeyer Photo*

When a freshman is pledged to a fraternity she immediately becomes responsible, not only to her university or college, but to a group of individuals who expect and demand that her personal standards are high.

By the pledge adviser (see picture above) pledges are made aware of the fact that their grades and conduct will either elevate or lower the prestige of the group to which they are responsible. The study halls, frequent meetings, and complete familiarity with the Pledge Book serve to develop character, and to emphasize the necessity for an unselfish attitude.

If a pledge fails to live up to the expectations of the fraternity, the pledge adviser spends many hours trying to counsel her, and to develop within her a real pattern of self-improvement. Should the adviser not be satisfied with her progress, the ever-present alumna adviser may be called upon to add her words of understanding and experience.

The freshman year is a time of strain and adjustment. Group guidance is of tremendous importance in assisting a pledge in developing poise and confidence in herself. Planned cultural programs, often led by members of the alumnae chapter, pledge meetings, and a manual to guide her often "uncertain freshman steps," provide a solid foundation for the years ahead. Furthermore, she becomes a better prepared member of her own fraternity, and a finer asset to the campus in general.

Fraternities exist, not only to enrich their own members, but to build better citizens for the future.—MARGARET KILLEN BANTA.

# Communism and the

## American College Fraternity

These are serious times in our country and serious problems face all of us. This is particularly true of fraternities. The time is past when we can shut our eyes to what is happening here. The time has come when we must face facts. In order to face them, we must first know them.

Judge Frank H. Myers, immediate past chairman of the board of Interfraternity Research and Advisory Council, spoke to over 600 men and women of Texas at the Houston Interfraternity banquet on April 28, 1961. His audience was so impressed with what he said that the Houston Council, through Mrs. David Bland, Theta alumnae district president for this area, has made his speech available to hundreds of others.

The little booklet, "12 Ways to Combat Communism," which has been widely distributed by Lions International, lists among the twelve points: One, *Don't board your information*; another, *Know your facts*; and a third, *Speak up*. Feeling that Judge Myers' speech contains much information all should have and that we should know the facts and tell them, I have condensed it so that we might include the main points in our magazine and offer it to all Thetas everywhere. I recommend that you read it carefully.—HAZEL LEASE, *Grand President*.

It is not my intention to give an erudite discussion of "Communism" as such in America, although there are indications these days that many of our American citizens are not giving the menace of Communism the serious consideration it deserves. Communism is a form of ideology which so completely clashes with our own American way of life as to be wholly destructive of the same. Do not be misled into the belief that the two can peaceably co-exist anywhere. One must give way to the other and we must do everything within our power to see that it is not the freedoms and liberty of the American way of life that are destroyed by Communism.

In the April 1, 1961, issue of the *Law Enforcement Bulletin*, John Edgar Hoover, director of the FBI, writes, "America, historically an impregnable fortress against tyranny, is engaged in a mortal struggle with World Communism. It is time for both citizens and governmental authorities to confront this threat in a calm, realistic, rational, law abiding manner. . . . This is neither the time for inaction nor for vigilante action. We must unite as a people, we must understand our basic American heritage under law, and we must face the Communist menace with deliberation, quiet courage, and knowledge. These are the qualities which Communism shrinks from—these are the qualities against which Communism can never succeed."

Time does not permit me to give you a full presentation of the Communist menace in America. I must restrict myself to the Communist position in the present attacks on the American college fraternity system. This is a matter with which you and I are personally concerned.

First, I should like to eliminate from your minds any thought that the followers of Communism are not intensely interested in the schools and colleges of America. To that end I would like to quote again from John Edgar Hoover. He reports as far back as 1953 that, "The college students are the rich earth which the Communist conspirator hopes to till. It is their minds which are the soil in which he hopes to implant alien seed. It is their subsequent acts which are the products whose growth he strives to direct. The harvest he seeks is the destruction of our democratic processes of government."

The Communist Party remains deeply interested in the American college student. The 1959 Communist Party Convention reported that the Party had made inroads among college students in that there has been a change in their thinking towards "non-conformity" as indicated by a number of requests from colleges for speakers.

The successful Communist exploitation and

● **Judge Frank H. Myers**

*Kappa Alpha Order*

manipulation of youth and student groups throughout the world today are a major challenge which free world forces must meet and defeat. Recent world events clearly reveal that world Communism has launched a massive campaign to capture and maneuver youth and student groups.

In 1959, the Party launched a major campaign with youth as its target. On May 30, 1959, approximately twenty young Communists from New York City, Baltimore, Chicago, Detroit, Los Angeles, and Philadelphia attended a conference with national leaders of the Party at Party headquarters in New York City. The purpose was to devise a program to attract young blood to the ranks of the Party. After this conference, campuses throughout the nation became prime targets for Communist infiltration and recruitment efforts. A regular lecture bureau began operating, with Party spokesmen seizing every opportunity to project their views on campuses across the country.

The major points on the agenda for a 2-day Communist conference in Chicago in June 1960 were: (1) "mass developments on the campus" and (2) "left-student developments." Discussed in relation to these points were ways and means by which young Communists could exploit such controversial issues on campuses as *civil rights*, academic freedom, and other so-called peace issues. Particularly unfortunate is the fact that many youth and student groups are totally unaware of the extent to which they can be victimized and exploited by Communists.

By reckless and false "democratic" appeals to all that is noble in youth—his generosity, his courage, his compassion, his ideals—these enemies of human freedom would enslave collegiate youth soon to be the community's leaders.

The outstanding example of this statement is the mob violence which erupted during demonstrations protesting hearings held in San Francisco by the House Committee on Un-American Activities May 12-14, 1960. The Communist Party is elated with the success it enjoyed in attempting to make a fiasco of the San Francisco hearings of a Congressional Committee, which, notwithstanding these attempts at disruption, did develop valuable and needed information concerning the strategy, tactics, and activities of the Party in northern California. Immediately after the affair, a Communist Party leader congratulated the West Coast comrades for the initiative

and leadership they displayed at all stages of the demonstrations. Particularly pleasing to Party officials was the number of students involved in the demonstrations. They commented that there had not been that much "political activity" among student groups for years.

The only good thing that came out of the entire affair at San Francisco was proof positive as to just how powerful a weapon Communist infiltration is. It revealed how it is possible for only a few Communist agitators, using mob psychology, to turn peaceful demonstrations into riots. Their success there should serve as a warning that their infiltration efforts aimed not only at the youth and student groups, but also at labor unions, churches, professional groups, artists, newspapers, government, and the like, can create chaos and shatter our internal security. The Communists demonstrated that the menace of Communism is not a simple forthright threat but instead a conspiracy. The San Francisco incident exposes the conspiratorial nature of the Party—that its tactics are to destroy. Its success in San Francisco proves that the riots and chaos in other countries which resulted in the toppling of other governments through similar tactics *can happen here*.

All the hopes for the future of our country, as well as for a world at peace, are bound up with our hopes for the future of our nation's youth. They will not fail us if we do not fail them. Only our apathy and laxity in the face of infiltration by Communist efforts can cause such a failure. It is the duty of all Americans to fully understand the true import of this threat to our heritage, to expose it at every turn, and to combat it with every weapon at our command.

In my opinion, the American college fraternity is a target of the Communists. A number of years ago I would not have made such a statement. Today I am confident that Communists are a part of the anti-fraternity activities that have been occurring over the past years. The pattern of attack upon the college fraternities has emerged as proof of this statement. It follows the Party Line of division and destruction. Its ultimate aim is to eliminate the college fraternity as we know it and its creators intended it to be by deceit and false propaganda issued under the guise of democracy.

The first direct attack upon the right of a fraternity's freedom of choice came in 1946, although for several years prior thereto there had

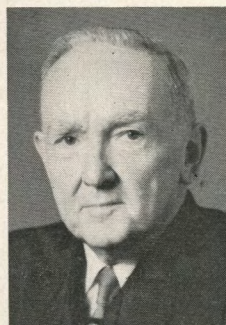

been criticisms of the so-called discriminatory constitutional provisions of fraternities, initiated principally by certain educators, mainly in the sociological field.

It should be noted that at first the attack was upon written clauses in constitutions. However, the proponents of removing all discrimination in fraternity membership were not yet satisfied and began to demand that unwritten restrictions, those based upon safeguards or upon secret ritual provisions, be abandoned. In other words, the right of a fraternity to *practice* membership selectivity was next attacked. On some campuses it was pressed to the point of *requiring proof*, by actual practice of taking in hitherto unacceptable students, that there was no restriction of membership to certain races or creeds.

However, the real evil of the attack upon fraternity rights of discrimination in selection of new members stems from the invocation of a step in the Communist Plan, which is "100% pledging," or what is sometimes called "100% opportunity," for college students. In other words, this means that the college fraternities on any campus with this provision in effect *must* assure membership to every student who wishes to join a fraternity. This part of the Plan has actually been put into effect at three well-known colleges: *Amherst, Hamilton, and Williams*. In each case the student council guarantees to any student wishing to belong to a fraternity the opportunity to do so—even if the student is not actually "bid" but has to be "assigned." Certainly in my opinion that is the end of the college fraternity affiliation and definitely ends the time-honored rule that no new member shall be admitted except by unanimous vote of the chapter, which has been for many years the cherished tradition to assure 100% approval of each new member and the consequent assurance of harmony and unity in the group by the selection of only congenial candidates.

Whether by design or by honest conviction, a number of college educators refused to recognize a distinction between *civil rights* and *social privileges*. Doubtless many persons who attack fraternities do not realize that they are following the Communist line of attack to take over education. As far back as 1937, the Communist leaders advised agitation on the college campuses should be repeatedly stirred up—demands should be made constantly—bitterness and distrust should be fostered between groups

Since his initiation into Kappa Alpha Order at George Washington University in 1915, Judge Frank H. Myers, of the Washington Municipal Court, has been indefatigable in working for the fraternity system. From 1933, when he was appointed KA's representative on two committees of the National Interfraternity Council, he has attended nearly all NIC meetings, been extensively active in committee work, served as chairman during 1948-1949, and became chairman of the Interfraternity Research and Advisory Council (IRAC) in 1954.

—any and all means, no matter how petty, should be used to produce unrest. Hence, agitation against fraternities can be used to drive wedges, to divide and conquer, to force and coerce memberships, *thus destroying all forms of voluntary association so that all student life is regimented and controlled for Communist objectives against America.*

In this way, the college fraternity has become the popular "whipping boy" of today. The students have been lured into attacks upon the fraternity by false doctrines, misleading statements of facts, pseudo-crusades for nonexistent civil rights, and deceit. They and many others among the alumni assert that they are leading a fight for freedom and for protection of the rights for the downtrodden *minorities*. Where and what about the rights of the *majority* in America? The right to choose and select your own associates on any basis the individual may elect to base the same is fast becoming a matter of the past. These rights have been whittled away in some colleges. Any further loss of freedom not only destroys the fraternities but also destroys individual freedom among all American citizens. This is the aim of Communism.

## Points to Ponder

- Communism is a form of ideology which so completely clashes with our own American way of life as to be wholly destructive of the same. Do not be misled into the belief that the two can peaceably co-exist anywhere.

- The successful Communist exploitation and manipulation of youth and student groups throughout the world today are a major challenge which free world forces must meet and defeat. Recent world events clearly reveal that world Communism has launched a massive campaign to capture and maneuver youth and student groups.

- I am confident that Communists are a part of the anti-fraternity activities that have been occurring over the past years. The pattern of attack upon college fraternities . . . follows the Party Line of division and destruction. Its ultimate aim is to eliminate the college fraternity as we know it.

- Let us not be fooled by the false charges of illegal discrimination. We must put our best efforts together to combat the attempt to take away the right to freely assemble, to freely choose our own associates, for this is just the first step in the international conspiracy of Communism.

---

I am an old-fashioned fraternity member. I joined a fraternity because by unanimous vote of the chapter of my fraternity at the college where I enrolled I was fortunate in being accorded the privilege of accepting an invitation extended me. A number of my intimate friends joined at the same time. *I did not have to join. I did so voluntarily.* I have tried to be an active interested fraternity member and, within my own personal limitations, to take part in chapter and fraternity activities and thereby to make some contribution of value to the organization.

These are my views on what should be done by every loyal interested fraternity member, whether on the college campus or in the alumni field, if we agree on the preliminary premise that the college fraternity is worthy of belief and support in that it is the best thing that has ever been created as a medium for the improvement of moral conduct of college students.

1. We should insist on our individual rights and on our group rights as voluntary associations, thereby upholding all freedoms for all citizens. The drive against the college fraternity is only

one step against the freedom of individuals—and serves as another method in the Communist pattern to divide and destroy. If you don't believe that, you may remember it some day when it is too late. It is now even much later than you think.

2. In your efforts to carry out the above recommendation, you should become more closely connected with the problem that your own fraternity faces in solving the date lines placed by some college administrations and in seeking to avoid the setting of additional deadline dates elsewhere. We all have been better men for what we have learned and experienced at our fraternity altars and under our fraternity principles. If these things cannot be preserved, then I no longer favor the operation of my fraternity on a rooming and boarding house basis for the benefits of certain colleges which do not appreciate the contributions that our chapters have made to their students in the years past since 1865.

3. In further supplementation of my first recommendation, we should start a wide campaign of pro-fraternity propaganda and information to tell the truth about Communism, about the steps taken to destroy the college fraternity by forces which would lower it to the level of any campus group to which any and every student has a right to belong, if he wishes, and to be certain that every active member and every alumnus fully understand the present-day developments and what they are leading to in the near future. Communism cannot withstand the light of Truth.

4. On the active level at the colleges, there is a great deal of work to be done. Several things are self-evident as essentials to be achieved on the campus levels, or as we more clearly state "at the grass roots."

(a) There must be a better understanding on the part of the active members as to the problems confronting the fraternity beyond their respective campuses. They must be taught that their chapter is a unit in a national organization, and that the national laws and regulations cover every chapter wherever located; that it is impossible to maintain a proper coordination and cohesion between all chapters unless there is uniform compliance with national law.

(b) There must be improvements at the chapter level:

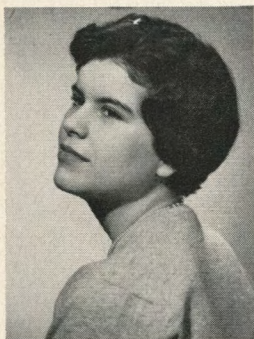

(i) *in public relations* (ii) *in scholarship* (iii) *in a true return to fraternity fundamentals* (iv) *in participation in activities for the college* (v) *in a better choice and fraternity education of new members.* There must be more discrimination in favor of what is best for the ideals and objectives of the fraternity as a whole.

Under the guise of preaching the Universality of the Brotherhood of Man the agitators have attempted to divide, confuse, mislead, and to create dissension. Let no one convince you that the doctrine of the Universality of the Brotherhood of Man was intended to apply to the *social* privileges involved in the formation and operation of voluntary social clubs or fraternal organizations like college fraternities. The term is an expression of the guaranty to man of certain *civil* rights—the right to enjoy the freedom of worship, of freedom of equal educational *advantage*, of freedom to develop natural talents and to seek and obtain employment where qualified, of freedom to vote where qualified according to reasonable voting standards—and above all of the freedom to choose your own friends in

accordance with your own ideas on that subject without being accused of un-American or undemocratic activities.

This is a time fraught with great danger to the college fraternities. It is a time of challenge that we fraternity members should be willing to meet with courage and with decision. The enemies of the nation are trying to use the college fraternity cause as another way to ultimately break down the solidarity of the nation itself. Destruction of individual freedom is part of the plan of attack. The pattern is definitely that of the Communist conspiracy to infiltrate by deceit, to divide by dissension, and to ultimately destroy. Let us not be fooled by the false charges of illegal discrimination. We must put our best efforts together to combat the attempt to take away the right to freely assemble, to freely choose our own associates, for this is just a first step in the international conspiracy of Communism. Let us be like the little Dutch boy at the dike when he put his finger into the hole to stem the flood. The college fraternity with unified chosen membership is a bulwark of strength to any infiltration by subversive forces of destruction. Let us so maintain it for the future of American students!

Enthusiastic, intelligent, charming, sincere, and hard-working are adjectives which aptly describe Faith English of the Alpha Iota chapter of Theta at Washington University in St. Louis. This outstanding girl has been active not only in her sorority, but on campus as well. Having been president of Panhellenic, treasurer of her

chapter, and a faithful and enthusiastic participant in all sorority activities, Faith has surely worked hard for Theta.

On campus she has represented Student Senate, Chancellor's Council, and the Board of Student Affairs. Not only was she a member of the Bearskin Follies Association, Homecoming Committee, and Student Recruitment but also served as the capable chairman of the Membership Dinner and Leadership Program of the Campus Y.

Outstanding leadership, along with scholastic achievement, has resulted in several honors. Faith was president of Sophomore Commission, treasurer of Chimes, and a member of Mortar Board. She was also elected secretary of Sigma Delta Pi, Spanish honorary.

We, as Thetas, are certainly proud to have as our sister such an outstanding campus leader as Faith English.

• Mary Kay Bryan  
*Alpha Iota Chapter*

Is ours a too security-minded generation? Are young people of college age so involved in marrying early and the attendant domestic duties that they can't see beyond these? Are we right in expecting the burden of leadership to rest on the shoulders of the educated? And will today's college students rise above mediocrity, as would seem to be demanded of them, and give dedicated leadership in the tense times of our age? Discussed here by three top educators are **New Campus Attitudes: Do They Fore-cast Adequate American Leadership?**

## Campus Attitudes

---

*Report* on a forum discussion presented by the Woman's College Board of Chicago with these speakers: Dr. Mary I. Bunting, president of Radcliffe College; Miss Barbara Stuhler, foreign policy chrm., League of Women Voters of the U. S.; Mrs. Reinhold Niebuhr, chrm., Department of Religion, Barnard College. Moderator was Mrs. Arthur LaVelle, president of the Woman's College Board, a cooperative alumnae council of thirty women's colleges. Exec. secy. of the Board since 1955 is Theta Sylvia Ames Shopen, Tau, Northwestern, daughter of Elsie Russell Ames, also Tau.

*The subject:* The subject of the forum stemmed from written criticisms which have appeared in alumnae quarterlies and the general press with considerable frequency in the past two years. (1) Student government organizations and similar activities on many campuses have been discontinued because of lack of student leadership and support. (2) Young college graduates shun involvement in controversial issues on the local, national, or international level. (3) Women's clubs find it difficult to recruit young members, particularly college graduates.

DR. BUNTING: I am convinced that today's youth is quietly but deeply involved in the problems of the world.

Not so long ago we told them that power and money were not everything, that the simple homely virtues were the truly important keys to happiness. They dated monogamously, married early, papered the house themselves, and, if they could afford it, went together to PTA meetings. Their reward was to be criticized as nest builders,

apathetic, uninterested in providing the leadership needed to solve the problems of the world. It follows and is not accidental that today's seniors are hoping to go to Africa, sometimes to the consternation of the very parents who have been complaining about their tendency to shun involvement in controversial issues.

It is true that student government organizations and many club activities claim little attention on today's campus, but it would be a mistake to conclude that this denotes a lack of serious concern. In general, the problems that bother young people are not the ones they find on campus, but those in the outside world. In general, if action is felt to be needed on campus it is supplied by individuals or small groups operating quite outside existing organizations and therefore with refreshing freedom, economy, and impact. Students have little interest in college organizations because in general these do not seem to them effective instruments for working on vital concerns. I believe we must face the fact that they deplore the diffuseness of our generation's "do-goodism" and suspect the superficialities of our approaches. *In so far as campus concerns do indeed reflect the spirit of the times, we can take heart, for today's people are able and dedicated.*

MISS STUHLER: Speaking for the League of Women Voters, I would say that college graduates are not hard to recruit into this one organization at least. The League is an organization of young women; the level of formal education is very high; and more than a third of the membership belongs to five or more other organizations.

Women join the League because they are concerned with the development of the community in which they live.

Incidentally, studies of organizational affiliation in this country are quite startling. America

# and American Leadership

---

is a nation of joiners in the sense that the multiplicity of voluntary associations for the accomplishment of social, economic, and political ends is unequaled anywhere else in the world. Even so, and contrary to the general impression that everyone belongs to something, we find that only 64% of the population is affiliated with any organization whatsoever. If we subtract from that figure, those who belong to churches and labor unions, we get a figure of only 30% of the American people who belong to all the Chambers of Commerce, Rotary and Kiwanis Clubs, PTA's, Boy and Girl Scout activities, the Federation of Women's Clubs, the AAUW, the League of Women Voters, and so on. To those of you who commonly complain that "our town is overorganized," I would like to suggest that it is *you* who is overorganized!

It is quite likely that people have a feeling of futility over their inability to affect the course of world affairs, which might affect their joining or not joining a group. Yet, think how politicians hesitate because "public opinion won't allow this!" Thus, a few people fill the leadership role and set the public opinion mood. Women today search for some kind of program that will use their talents and are growing more selective in picking out the thing that seems most worthwhile to them. *A college woman graduate has a responsibility to be a leader in a field in which she is interested and competent—and to be a good follower in fields in which she is not so competent.*

MRS. NIEBUHR: The younger generation has been criticized rather persistently the last few years by their elders. They have been criticized for their conformity, for their lack of initiative, for their lack of courage, for their yen for security. Writers and teachers, sociologists, columnists, and the general public have expressed

themselves privately and publicly. And these critics who have been scolding the younger generation are, most of them, middle-aged, using the standpoint of their own college days, their own early post-college days, to provide the standard of what is interesting, adventurous, exciting, or non-conforming.

The earlier generation of college women, of which these critics are thinking, owing no doubt to the historical and physiological situation in which they were, reacted to the opportunities of higher education with what might seem now to be an over-emphasis upon the fact that they were women with brains and therefore, skill. Thus, many women of our own and even earlier generations looked forward to preparing themselves for careers as doctors, lawyers, social workers, writers, and so forth. But the young women of today do not talk and plan in that sort of way at all. They may talk to us and even ask us for references and testimonials for future training in their chosen or preferred fields; they may win fellowships for further study; they may start their professional work . . . but their attitude, if not their words and actions, shows that their sense of identity is first and foremost, that of being a woman. This is their identity.

After all, this is fundamental to all of us. What am I? Who am I? These questions are prior to the questions such as, What ought I be doing?

*So, going back to our current generation of young women in college or just out, when we say that their achievement is to realize their nature and establish their sense of identity as women, it is really no simple achievement at all. This is their achievement and thus they face the future with a realistic grace, far wiser about themselves than perhaps we were in our generation.*

Bulletin board groans with greetings. Elaine Knorr, Pat Rash read a telegram, Joanne Lowell scans a message.

## Eighty-Sixth—KSU

*Take two colonizers, mix with one traveling secretary. Add a layer of several members of Grand Council. For seasoning sprinkle in a number of local people, preferably college officials, department heads, local dignitaries. Place carefully on campus of fine school. Light fire of Theta enthusiasm throughout. What have you got? A new and wonderful Theta chapter!*

It's Centennial time in Kansas—in Midway U.S.A.—where Kansans are celebrating the hundredth anniversary of the admission of Kansas as the 34th state of the Union. At Manhattan, it's Theta celebration time as well, for on May 13 and 14, 1961, Delta Eta chapter of Kappa Alpha Theta was officially installed at Kansas State University.

Theta's 86th chapter is located at America's first Land-Grant university, founded Feb. 16, 1863. Set in the fertile Blue Valley, surrounded by rolling hills, Kansas State's beautiful campus features ivy-covered native stone buildings. If you think of Kansas as flat, which much of it certainly is, you are due for a surprise when you see Manhattan, for this prosperous town of 25,000 has hills all around. With 8,000 students this fall, rapidly expanding KSU anticipates an enrollment of 12,000 by 1965.

The gracious wife of Kansas State's internationally known president, Dr. James A. McCain, is a Theta from Colorado State, the former Janet Henry. Helen Rae Wunderlich, wife of our Dean of Students, is a Theta from Idaho; Katherine Geyer, head of the Department of Physical Education for Women, is a Theta from Ohio State; Kay Laurie Davis, wife of the head of the English Department is a Theta from Washington University at St. Louis; and Gladys Fulton Martin, wife of the head of the Dairy Department, is a Theta from Pennsylvania State, so you can see we had a good head start. Two years ago Manhattan and Junction City Thetas joined in forming the Manhattan Area Alumnæ Club, and there are presently 24 members.

Two Theta colonizers, Jerry Ann Lewis from Oklahoma State University, and Martha Hobson from Ohio Wesleyan, transferred to Kansas State in January 1961 to help organize the new group. Larrilyn Carr, Theta's traveling secretary, made an extended visit to the campus, and the following members of Grand Council were here in March to conduct personal interviews with girls interested in Theta, and about whom recommendations had been obtained: Virginia Ford Hood, Florence Benner Wylie, and Avis Green Tucker.

A concentrated rush weekend was held March 10-11 at the K-State Union, with actives from Kappa chapter at Kansas University, in charge of rush. On Sunday morning, March 12, pledging services were held for eight charter alumnae, all of whom are members of the University faculty or wives of faculty members, and 31 charter actives, at the home of Barbara King Wilson, Alpha Upsilon, Washburn. Following pledging, Manhattan Area Alumnae served coffee and sweet rolls to 117 Thetas.

Active chapter charter members, as shown in the picture (below) are:

*Bottom row, l. to r.:* Kathy Watterson, Scottsdale, Ariz.; Sonja Gigstad, Everest, Kan.; Judy Oberhelman, Independence, Mo.; Pat Rash, Thayer, Kan.; Anne Bowman, Patty Smith, Wichita, Kan.; Lois Evans, Gove, Kan.; Nancy Mall, Kingman, Kan.; Elaine Knorr, Manhattan, Kan.

*Middle row, all Kansas:* Joanne Lowell, Concordia; Genevieve Anderson, Kansas City; Jane Barlow, Humboldt; Zelma Rust, Smith Center; Kathy Frick, Scott

City; Rae Jean Opie, Great Bend; Joyce Banks, Effingham; Brenda Griffith, Manhattan; Sue Erway, Ellsworth.

*Top row:* Jerry Ann Lewis, Stillwater, Okla. (colonizer); Nancy Schletzbaum, Atchison, Kan.; Michael Hurt, Madison, N.J.; Jane Myers, Kansas City, Mo.; Peggy Jo Porter, Viola, Kan.; Sally Hays, Phillipsburg, Kan.; Sandra Funk, Kansas City, Mo.; Diane Jurenka, Holyrood, Kan.; Janice Knappenberger, Olathe, Kan.; Barbara Hobbs, Eureka, Kan.; Jackie Dewey, Belleville, Kan.; Barbara Lasley, Linda Grimshaw, Nancy Albritton, Kansas City, Kan.; Martha Hobson, Cincinnati, Ohio (colonizer).

Zelma Rust was elected first president of Delta Eta, which met temporarily at the Student Union, and Judy Oberhelman is serving as president during 1961-1962. The chapter Advisory Board consists of the following: Katherine Geyer, Alpha Gamma, Ohio State; Eloise Schermerhorn Hostinsky, Kappa, Kansas; Helen Keithley Lamb, Beta Kappa, Drake; Betty Schwartz Carroll, Kappa; Nancy Marsh Sangster and Joan Vinaroff Fletcher, Alpha Upsilon, Washburn.

Installation weekend was May 12-14, with actives from Washburn University assisting members of Grand Council. Loyalty Service was held Friday evening, May 12, at the home of President and Mrs. McCain. Initiation took place Saturday at the First Presbyterian Church, and after each group was initiated, the new Thetas were taken to an open house at the home of Janet

Lucky number of new Kansas State Theta chapter is 31. Thirty-one actives were initiated on May 13, (31 turned backward!) 1961, and Theta's Delta Eta chapter was launched.

Left, the hard-working installation gals. Committee chairmen were, l. to r., Jan Corsen Krc, Barbara Barber Weir, Nancy Marsh Sangster, Janet Henry McCain, Alice Campbell Armentrout, Katherine Geyer, chairman; Barbara King Wilson, Emily Lord Sandell, Betty Schwartz Carroll, Joan Vinaroff Fletcher. Not shown, Eloise Schermerhorn Hostinsky and Janet Edelblute Pfuetze.

Installation banquet, l. to r.: Mrs. Mary Frances White, Panhellenic adviser; Florence Wylie, Grand Council; Dean of Students Herbert J. Wunderlich; Avis Tucker, Grand Council; Miss Margaret Lahey, dean of women; Hazel Lease, grand president; President James A. McCain, KSU; Virginia Schmid, Grand Council installing officer; Miss Katherine Geyer, installation chairman; Miss Zelma Rust, first president, Delta Eta chapter.

Caroline Peine, charter alum, gives Theta grip (??) to President Zelma Rust. Others are, l. to r., Mrs. Arthur F. Peine, mother of Caroline; Hazel Lease; Helen Sackett, Theta's EST; Barbara Lasley, new active.

Charter alumnae members, Delta Eta. L. to r., Mrs. B. B. Brainerd, Mrs. Leonard Schruben, Miss Eva Lyman, Miss Joye Ansdell, Mrs. John Shupe, Mrs. Paul Young, Mrs. George Halazon, Miss Caroline Peine. All eight are members of KSU's faculty or are wives of university faculty members.

Edelblute Pfuetze, Alpha Upsilon, where Manhattan Area Alumnae were hostesses.

Presentation of the charter to Delta Eta chapter by Hazel Baird Lease, grand president, highlighted the installation banquet held Saturday night in the K-State Union dining room with 140 in attendance. Sunday morning the chapter attended services at First Presbyterian Church and then participated in a model meeting conducted by Ruth Hill Wilber, District V college president. Sunday afternoon Delta Eta and Grand Council members greeted some 300 guests at a tea in the Student Union ballroom.

Installing officer from Grand Council was Virginia Chain Schmid, and others present from Council were Hazel Lease, Florence Benner Wylie, Avis Green Tucker, Virginia Ford Hood. District V College and Alumnae Presidents Ruth Hill Wilber and Mary Reese Mantz; Helen Sackett, Theta's executive secretary-treasurer; and Betty Carswell Stephens, Kansas state chairman, were also present.

The chapter's problem is housing. For the school year 1961-1962 Delta Eta has rented a former fraternity house accommodating 34 girls. By the time you read this Delta Eta hopes to have plans completed for a new house to be built and occupied in the fall of 1962 on a lot two blocks from campus. House Corporation members are Janet Henry McCain, Beta Gamma, Colorado State; Barbara Barber Weir, Emily Lord Sandell, Kappa, Kansas; Barbara King Wilson, Mary Elizabeth Kennedy Montgomery, Janet Edelblute Pfuetze, Alpha Upsilon, Washburn.

*Showing approval of convention hotel in both stance and smile, Theta's two efficient convention managers, Margaret Cockrell and Virginia Boynton, say, "Come to New Hampshire!"*

# Wentworth By-the-Sea

## Grand Convention June 24-29, 1962

Storied New England beckons you back to its rugged coast again for Grand Convention 1962. This time the Thetas will gather at well known Wentworth By-the-Sea, one of the world's great resorts, and listed in "Hotels of the World."

Superbly located in its own park and gardens on historic New Castle Island, Portsmouth, New Hampshire, this smart metropolitan hotel towers a hundred feet above sheltered Little Harbor. Its panoramic view of open sea, charming old island fortresses, picturesque rock cliffs, and massed island pines is a perfect setting to meet old Theta friends and make new ones from coast to coast, and from Canada to the southland.

The Wentworth is easily reached from Boston—an hour's drive by turnpike, or the scenic route along the seashore. Attention New Yorkers—only five hours driving time from your area, and you'll be there, too! If you travel by plane

or train, there'll be busses to whisk you out of Boston to Wentworth. There you can relax in the huge, outdoor, salt water pool where only a sea wall separates you from the broad Atlantic, or try your luck at golf or tennis.

If your interests lean toward antiques, there are tours of old Portsmouth homes where patriots like John Paul Jones lived, or Benning Wentworth, the first Royal Governor of the Hampshire Grants appointed by King George II. There are all types of houses from quaint Salt Box to Georgian Mansion, and all kinds of things to see in a region so steeped in early American history.

If your tastes include a modern touch, you may want to come early before convention so you and your family can visit the famous Portsmouth Navy Yard.

The Smith family who operate the Wentworth delight in pleasing their guests with that old world touch of perfect service in a staff that obeys your every whim, and food cooked to the gourmet's taste. With a surprise or two thrown in, you'll find you've had the best time ever at Grand Convention. So, plan early, and watch for reservation blanks, and further details in later issues of the Theta magazine. We'll hope to see all you Thetas June 24-29, 1962 at Wentworth By-the-Sea.

# Europe *with* Kappa Alpha Theta

July 1-24, 1962

\$995.00 from New York

Six Countries: England, Holland, Germany, Switzerland, Italy, and France

Yes, a tour of Europe, especially for Thetas, their families, and friends. The dates have been arranged to follow the 1962 Grand Convention in order that those attending can also take this wonderful European tour.

**Expert Guides:** The tour will be escorted from New York back to New York, and will provide the services of expert guides throughout the trip.

**Transportation:** You will speed across the Atlantic in a mighty AIR FRANCE Boeing 707 Intercontinental Jet. In the spacious cabin you immediately sense the special atmosphere which is Air France. Incomparable cuisine, gracious service, and an exhilarating sense of well-being combine to start your European holiday in a great way!

Transportation in Europe will be by de luxe motor-coach, cross-channel and Rhine steamer, and rail.

The perfect ending to your vacation—a trip home aboard the beautiful QUEEN ELIZABETH. Enjoy

sun-filled, pleasure-filled days by sea. Those desiring to return by air may do so by departing Paris on an AIR FRANCE jet on July 19.

**Itinerary:** In ENGLAND you will visit London, see the Crown Jewels, enjoy a trip to Windsor Castle. In HOLLAND, there will be a tour of Amsterdam, plus a country tour to see windmills, cheese farms, the famed dykes. The highlight of GERMANY will be your scenic cruise on the Rhine River, plus a Black Forest route to Lucerne. In SWITZERLAND you will stay at Lucerne in the lake region and take an Alpine tour to the top of Mt. Pilatus. Going into ITALY at Milan you will see the painting, "The Last Supper"; in Rome you will visit St. Peter's, the Vatican, the ancient ruins. You will visit Nice, the capital of the Riviera in FRANCE, go on to Paris and the Eiffel Tower, the Champs Elysee, the Palace of Versailles. Finally, a trip from Nice to Monte Carlo, in Monaco, will provide a breath-taking view of the "Cote D'azur." *Picture yourself on this wonderful trip!*

An illustrated detailed folder of this trip is available for the asking. Simply fill out the coupon below and mail.

## Theta Biennial Fellowship

Well—I—How much is it worth?

\$2,000, awarded at the 1962 Convention.

Man—that's a lot of money! Whom do I have to be to be eligible to apply?

A Theta desiring to continue her graduate studies in speech therapy.

Hmmm—Where would I go to study?

The Institute of Logopedics, Theta's national philanthropy, offers a master's and a doctor's degree in Logopedics. You'd go to the Institute, University of Wichita, in Wichita, Kan. to study.

Say, that sounds wonderful!

Whom do I write about this?

For information write to:

Miss Helen Sackett

## *Don't Leave Yet!*

Why not?

There is MORE. The Kappa Alpha Theta Loan and Fellowship Committee will award six graduate scholarships in June 1962.

Who gets chosen for these?

Seniors who want to continue in school should apply to Miss Helen Sackett, 1580 Sherman Avenue, Evanston, Ill. These scholarships are awarded on a competitive basis in any field of study.

That's pretty neat; anything else?

Yes. Loans up to \$500 are *always* available to Thetas desiring financial aid to continue their education.

And they're paid back . . .

They are payable two years after graduation and at 3% interest. Say, I'd like to tell you about one Theta who got a loan . . . (See adjoining column).

## *Hawaiian Adventure*

"A Theta loan made it possible for me to come this great distance (from my home in Sarasota, Florida) to attend the University of Hawaii, prior to receiving my grant, and I am forever grateful. Who could have known it would have turned out so uniquely?"

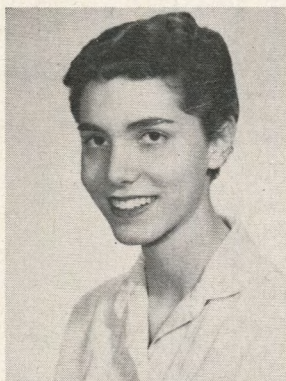

Who indeed, except that we have a sneaking feeling that nice things always happen to people who care enough about education to make every effort to continue with it! In the case of Lynne Kaelber, Gamma Gamma, Rollins, who wrote the above words, the pathway started when she graduated from Rollins, followed by a year as an American Red Cross entertainer in Korea and Japan, then a stint as news director of Rollins' public information office, before she enrolled in the University of Hawaii (through a Theta loan) a year ago in September 1960. Her field of study? Far Eastern philosophy which she hopes to teach later in this country.

The grant which Lynne mentions came to her in December 1960 when she was honored to become the first woman and one of the first Americans to win a two year East-West Center scholarship at the University of Hawaii. The grant includes two full years of expense free study, including an allowance for personal expenses and transportation, expenses for two summer sessions, and a study tour of an Asian country. The Center, conceived as a place for the meeting of minds and the interchange of knowledge and cultural understanding among the peoples of Asia, the Pacific, and the U.S., will enroll students from these areas, was established in 1960 by grants from the State of Hawaii and the federal government.

Says Lynne further, "The East-West Center is surely the most significant experiment in international education ever made by the United States, and it is thrilling to be a part of it . . . Perhaps other Thetas may be inspired to apply for this really amazing educational opportunity."

# Graduate Scholars—1961

Barbara Babcock  
Pennsylvania

Jennifer Bain  
Oregon

The Loan and Fellowship Committee takes pleasure in announcing the following five winners of the \$500.00 graduate scholarships presented annually to Thetas desiring to enroll in a graduate program.—JANE CAMPBELL KROHN

**Barbara Babcock**, Beta Eta, University of Pennsylvania, class of 1960. Barbara is receiving a scholarship for the second time. She entered Yale Law School with a splendid undergraduate record, and has completed her first year at Yale with a brilliant record.

Barbara won the Harlan Fiske Stone Prize for the best oral argument presented at The Moot Court of Appeals (see outside back cover), Alumni Day before outstanding judges and lawyers. The entire class prepared a Moot Court Brief. These were presented and the eliminations were made until the four finalists were chosen. Barbara writes, "Winning was a surprise, and I was especially happy to be the first woman in the 100-year history of the event to win the prize." Her letter continues, "This year has brought sure knowledge that this is the field for me and with continuing work, I can be capable of it. This realization has made the past year the most rewarding of my life. I will always be grateful to Theta for the substantial part it played in my year."

**Jennifer Bain**, Alpha Xi, University of Oregon. Jennifer will attend Stanford Law School in the fall of 1961, having also been accepted by the law schools of Columbia, Yale, and California.

Marjorie Jane Barrie  
Arizona

Judith Marian Maclean  
McGill

Amilu Stewart Martin  
Colorado

Jennifer, president of Alpha Xi, maintained a 3.86 average out of a possible 4.00. She was a member of Phi Beta Kappa, Mortar Board, and the University of Oregon debate team. She took part in the National Debate tournament, debating against the teams from West Point and the Air Academy. The Dean of Women writes, "Jennifer is one of the most outstanding students we have ever had at the university. She is a young woman of high standards, respects rules, is loyal, cooperative, dependable, conscientious, and is admired and respected by all who know her."

Her adviser in the Department of Economics writes: "Jennifer's scholastic record over the first three years in college places her second among all students."

**Marjorie Jane Barrie**, Beta Delta, University of Arizona. Marjorie Barrie will enter Stanford University Graduate School in the fall to work for an advanced degree in student personnel work at the college level. Marjorie is a member of Mortar Board, Pi Lambda Theta, and other campus honoraries. She was president of the Associated Students, the highest position of responsibility a woman can hold on this campus.

From the dean's office Marjorie is described as "a warm, friendly person, interested in people, sensitive to their needs and reactions and at the same time objective in her judgment." Her adviser considers her an outstanding young woman, excellent student with considerable interest in people and the ability to work well with them. The following tribute also came to Marjorie from the Dean of Women, "Marjorie has not only made a real contribution to Theta but as a fraternity woman has represented all those qualities for which the fraternity system is strong."

**Judith Marian Maclean**, Beta Psi, McGill University, Montreal, Quebec, Canada. Judith will attend London University where she hopes to receive a Certificate of Education, allowing her to teach primary and secondary education. Besides an outstanding academic record, Judith's talents include being song leader and house manager for Beta Psi and captain of the McGill swimming team.

The Warden of Royal Victoria College says, "Coupled with her sound academic record is her deep interest in teaching and gaining an adequate professional background in her chosen field." From her French professor, "Besides ranking

first in my class of ninety Miss Maclean is a very popular young lady on this campus because she is kind, devoted to all generous causes, responsible, utterly reliable." An instructor in the Physical Education Department writes, "I believe Judith would be an excellent Theta ambassador while she studies and travels in England."

**Amilu Stewart Martin** (Mrs. Alfred), Beta Iota, University of Colorado. Amilu will join her husband in the Jefferson Medical School where they will both be working for their degrees of Doctor of Medicine. Amilu has a degree from the University of Colorado as a medical technician and while there she proved herself an exceptional student with an excellent record.

The dean says of her, "Mrs. Amilu Martin is one of the finest women I have had an opportunity to know. She has high standards, yet is sympathetic and understanding with others. She made numerous contributions to her chapter as a member of Spurs, Hesperia—junior and senior honoraries—and Mortar Board. May I add she will be a credit to Kappa Alpha Theta and one of whom you will be proud." Her Chemistry professor said, "I remember Mrs. Martin as a truly exceptional student."

### Theta Lips Are Smiling

Pledges are neat . . . necessary . . . but can also be nuisances . . . but oh, such nice nuisances!

- At Butler the pledges gave the actives a surprise Halloween party. All the "townies" sneaked in before closing hours unbeknown to the actives and at 3.00 A.M., dressed as ghosts, came around and "booed" the actives awake, then led them downstairs to a lively party in the rec room.

- And oh, what the pledges did to the actives at Beloit! Arriving happily at the house for the pledge banquet the only signs the actives found led to the furnace room! With the president captured and taken on a walkout, the embarrassed actives were forced to eat at "commons" in their Sunday vesper clothes.

- And Connecticut pledged their first "eggacy" recently! Joanne Luther brought it home from her poultry lab on the 21st day of a 22 day cycle. Hatched prematurely under several desk lamps, it was gold so it was pledged immediately. But it grew past pledge requirements for eggs, and sadly enough, was never initiated but joined the other "independents" on a nearby poultry farm.

## That They May Speak

Ricky, a 12-year-old boy from Nebraska, designed the appealing Christmas card angel (left) which is being used for 1961 at the Institute of Logopedics, Wichita, Kansas. Encephalitis at the age of six caused him to have severe auditory aphasia, a brain damage which left him with good intelligence in general, but severely affected his language and abstracting processes.

Ricky receives individual speech lessons, classroom work, physical education, creative art therapy, and residential care at the Institute. He is virtually speechless, and art is an important avenue of communication for him. In creative art therapy, he draws scenes from every day experiences, from memory, and does excellent copy work. He creates match-stick figures to illustrate a story, depict happenings, and to convey other messages. Through his art-communication, Ricky's oral speech is being developed. His comprehension of commands is improving. This boy is proud of his art work and has excellent skill in color and line. He also enjoys woodworking. His hands are not handicapped and he is neat and methodical in art, printing, and writing.

At the Institute of Logopedics, where Theta supports the Occupational Therapy department which gives Ricky his art lessons, Ricky will be equipped for a vocation. Meanwhile he is learning to work and live with others and to express through his art work the emotions, desires, and experiences in his life.

There is no tribute quite as beautiful as letting the influence of a loved one continue to be felt in service to others. Such are the Living Memorials that go in again and again to the Institute from Thetas and Theta friends everywhere. Checks for such a memorial should be made out to Kappa Alpha Theta and sent to Central Office with the needed information.

# Roundabout with Theta

Have job, will travel. . .

**Traveling Secretary**—The winsome young lady above is Theta's new traveling secretary, Florence Helen Ashby, shown here "boning up" on chapter business in preparation for her new job.

Admitting "excitement at the thought of working for and with Thetas and also awe, in view of the responsibility," Florence, who is a 1957 Florida State University graduate, and a member of Beta Nu, was president of her chapter, attended the Banff convention in 1956 and the Auburn installation. She has attended four district conventions, four state days.

A native Hoosier, Florence moved to Florida as a little girl, now lives in Sarasota. She majored in music at FSU, "tooted" (her own word) clarinet in the FSU Symphonic and Marching Bands, was president of Tau Beta Sigma, sorority for bandswomen, and a member of Sigma Alpha Iota. At the same time she pursued a minor in math, went on to summer studies at Columbia, and completed requirements for a master's degree in math from Purdue in 1959 (where she also played in the Symphonic Band!). She was elected to the math honorary, Pi Mu Epsilon.

She was a member of Mortar Board at FSU also of *Who's Who*, participated in numerous extracurricular activities. More recently she and her mother completed an exciting and adventurous eight-months' trip over the highways and byways of Europe, the Middle East, and North Africa. "Should be excellent preparation for my work for Theta!" says Florence. As hobbies she lists, "music, reading, stamp collecting—and no doubt by the end of this year—traveling!"

**Trophies are Treasures**—and several Theta chapters treasure trophies won last spring. These include Butler, which received the coveted Merit Trophy, awarded annually to the sorority with the most outstanding contributions to the University in the areas of scholarship, activities, and philanthropic projects. Also, Missouri, which for the second straight year was awarded the Alpha Phi Omega Group Merit award. In a competition among all types of organized housing for both men and women Theta was rated on scholarship, activities, leadership, and service. Nebraska was presented with the Mortar Board trophy.

**We Welcome** these new alumnæ clubs—

## Black and Gold Chapel

Climax of the District XII meetings was the Black and Gold Chapel held on Sunday morning as the closing event. The use of the backdrop of a gold curtain, an arrangement of pansies, four gold candles, plus the speakers and the choir being robed in black, kept to the color scheme of Theta.

Marion Sutherland, Gamma Psi, Texas Christian president, lighted the four golden candles in honor of Theta's four founders, and in her inspiring address which followed, Grand President Hazel Lease spoke of those first girls: "Our fraternity was founded on friendship. Those first four girls chose carefully only those who were congenial, had the same ideas. We have continued to do the same. . . ." But fraternity

must have more than friendship, declared President Lease. "There must be love and kindness when girls learn to live and work together. One of the very wonderful experiences of fraternity life is that very "give" and "take." This is the place where a girl learns to give unselfishly of herself. It has been said that self-discipline is one of the lost graces. But this is not so in a fraternity. This is the place where the girl learns to conform to rules for the good of all . . . preparing her to live in a world where rules are for the benefit of all, not just for herself alone."

Further, "Our fraternity must make our ideals come alive. . . . We (in Theta) know that we have a basic belief that has stood the test of ninety-one years, a belief based on faith in the goodness of God and humanity. . . . We have faith in our fraternity."

Awards: Scholastic Improvement, Beta Xi at UCLA; High Scholarship, Beta Delta at Arizona. Phi Tray, Delta Epsilon at Arizona State. Officers: New CDP, Mary Kay Johnston Lowery.

No question about it! If you are going to give a tea, the Old Supreme Court Room in the nation's Capitol is the place to have it.

This is the room where visitors and delegates to District XVI convention were received by the Theta Aides of Capitol Hill.

No less than thirteen Thetas are assistants to senators, congressmen, or committees of Congress! Chairman of the Aides for this event was Eva Adams, Beta Mu, Nevada, administrative assistant to Nevada's senator Alan Bible. Besides Eva Adams, the receiving line included (see pic.) l. to r., CDP Eleanor Hunt, ADP Virginia Boyce, Theta Jean Hunter Ikard, Alpha Theta, Texas, (wife of representative Frank Ikard, Texas), and Peg Flaherty, Grand Council.

JoAnn Crites Thompson, ADP, was reelected. Special: Helen Kreizinger gave National Service Report.—HELEN GOODE BRAGG.

## Theta Lips Are Smiling

• The biggest chuckle of District V's convention came during roll call at the final session, when alumnae chapters and clubs were asked what their projects would be for the next two years. "The Norman Alumnae Club plans to rest up!" reported Marilyn Fisher Wantland, president.

• Awarded gavel at 1960 Grand Convention as most outstanding alumnae club in town without a college chapter, Westfield, N.J., brought gavel along to District VI convention, proudly watched it used.

• Thetas have brought the legendary Indian princess Nita-Nee to life twice—once when local at Penn State (which became Beta Phi chapter) used name Nita-Nee; again at District VI convention when Nita-Nee Indian symbols served as decoration theme for banquet.

• Weather, whether or no, did not always favor the district conventions. April brought a 4-inch snowfall the day before District IV convention in Syracuse, N.Y.; awful, wind-driven dirt (as bad at "dust-bowl" days) plagued District VIII meetings in North Dakota.

• Busy families of Thetas attending convention were: At District IX, Marian Whipple Garrettson, past grand president, her daughter, Marian Garrettson Phillips, and granddaughter, Trudy Garrettson, active, all Omega chapter. District XIV had on its registration list one very loyal Theta who brought along her two Theta daughters, one Theta daughter-in-law, and the latter's sister.

• This is a turnabout. Peg Flaherty was Grand Council visitor to District XVI, where Virginia Boyce is ADP. But once upon a time, Peg was chapter president at Chi, Syracuse. And who should come as Council visitor? Virginia Boyce, at that time a Grand Council vice-president.

• Interesting buzz sessions were held at District VII on "What Can We Do to Merit Our Existence?" and "How Can We Encourage Each Other?" District XVI used skits to effectively put across ideas on philanthropy, fraternity education.

• What'd'ya know about this? Some of the cookies at the tea Grand Forks alumnae gave for District VIII were donated by the Alpha Phi housemother! . . . All Theta housemothers "rose to the occasion" beautifully in entertaining conventions. Typical was Mrs. Florence Gunness of North Dakota, termed "the shining angel" by the girls.

Clasping hands warmly, Theta's new Mortar Board members at Indiana University reflect happily on the fact that this is only the second time in Mortar Board's history on the campus that any one housing unit has had more than three members. Shown, left to right, Ann Fletcher, Carol DeWees, Barbara Metzner, Pam Menke.

## *The Honoraries*

"When Mortar Board goes tapping, right choosey are they—for leadership, scholarship, and personality." Thus opens the article on Mortar Board elections in *Kite Tales*, publication of Kappa Alpha Theta's Beta chapter.

To paraphrase, when your Theta Magazine goes tapping, for a picture for this opening of our annual Honoraries section, right choosey we are! For the first time we "tap" two chapters, both, by coincidence, located in Theta's founding state; both carrying on with honor "in the tradition."

Purdue Mortar Board Thetas have a bonus this year. Alpha Chi charter member Edith Gamble, recently retired from Purdue's Home Economics staff, was "tapped" as an honorary member of Mortar Board for her outstanding contribution to the campus community. Shown, Theta Anne Gelling sewing her Mortar Board emblem on her blazer as, left to right, Thetas Carolyn Baird, Carolyn Norman, Edith Gamble, Marcia Hanf watch.

# The Honoraries

edited by Margaret Stradling Moore

Purdue (Alpha Chi)

Once again we say "congratulations" to our honor Thetas, not only to those listed here, but also to the many who made local groups or national honoraries not included in *Baird's Manual*. Leading the 75 chapters reporting for 1961 are Florida State with 20 girls initiated into 11 honoraries and Pennsylvania State with 9 honoraries bidding 16 girls. MARGARET STRADLING MOORE.

## *Honorary Statistics*

- We don't know why . . . but there are always about the same number of chapters "not heard from" in any mailing. This time chapters unaccounted for in the honorary listings number eleven. If we could ever "break eighty" in our responses, we'd go fly a kite (a Theta kite, of course)!

- *Early birds* getting honoraries in first were Washburn, Illinois, Pacific, Texas Tech, with British Columbia and the State University of Iowa in a tie for fifth place.

- We'd like to honor three Theta chapters which do not have Mortar Board, but list an "equivalent" group. Sarah Candler and Connie Comer of Emory were tapped for the Women's Honor Organization; Jane Constain and Carole Schultz are on the Senior Staff at North Dakota State; and Jean Morrissy, Judy Owen, and Peggy Sparks are members of Nonoso Society at Washburn.

- Canadian chapters, who do not share the same honoraries as those in the United States, nonetheless have girls standing high on campus. British Columbia lists the following Thetas as receiving honor awards: Mimi Roberts and Marg Baird, AWS Service Award; Marg Peebles, Administrative Award for Athletics; Faith Wilson, intermural crest; Sheila Ledingham, pin for WCIAU team, two small blocks, and an intermural crest.

Western Ontario reports that Pauline Beattie has the highest position a girl can hold at the university college. She is sub-prefect of the University College Council, topped only by the prefect, who is always a boy. Patricia Rusak is chairman of the Undergraduate Women's Organization. Janet Varah is secretary of UCC; Patricia Bell, vice-president, Canterbury; and Marg Clarke, secretary, Progressive Conservative Club. Linda Cronk is permanent secretary of the 1961 class.

- The Theta chapter at Emory has the most Phi Beta Kappa members among Theta chapters reporting: three, while Oregon State led in Phi Kappa Phi members with six. Colorado State, with five Mortar Boards, led all the rest.

- On nine campuses Thetas currently have more members elected to Mortar Board than any

other single group. Missouri Thetas have led Mortar Board memberships there for four consecutive years.

- Just what are some of the top campus offices held by Thetas in 1961-1962? We have a sampling for you:

**AWS PRESIDENTS**—Mary Thompson, Allegheny; Mimi Roberts, British Columbia; Sue Dare, Colorado College; Lucy Tyler, Colorado State; Carolyn Gray, Fresno State; Martha Terwilliger, New Mexico; Mary Ellen Thompson, Oklahoma; Ruth Rilling, Pennsylvania State; Diane Tucker, Washburn; Jane Haggstrom, Whitman.

**PANHELLENIC PRESIDENTS**—Barbara Lambie, Colorado College; Janet Vance, Hanover; Janet Ansorge, Lawrence; Ann Davis, Northwestern; Ruth Lynn Whittaker, Rollins; Linda Yirak, South Dakota State; Nancy Armstrong, Washburn; Martha Walton, William and Mary.

**JUNIOR PANHELLENIC PRESIDENTS**—Martha Parmely, Kansas; Barbara Lockhart, Michigan State; Claudia Otten, Purdue; Pam Johnson, South Dakota State.

**WRA PRESIDENTS**—Marcia Cooley, Beloit; Sharon Hamill, Iowa; Judy Semmer, Lawrence; Barbara Morgan, Ohio Wesleyan; Barbara Newman, Pennsylvania State; Beth Railsback, South Dakota State; Donna Floyd, William and Mary.

**YEARBOOK EDITORS**—Sue Abbott, Butler; Sally Anderson, Calif. (Santa Barbara); Judy Lane, Colorado State; Brenda Phillips, Duke; Nancy Flowers, Georgia; Rosalie Ward, Lawrence; Joan Melvin, Pacific.

**NEWSPAPER OR MAGAZINE EDITORS**—Karen Hausman, Butler; Barbara Syfrett, Florida State; Carolyn Gray, Fresno State; Sharon Lance, Idaho.

**YWCA PRESIDENTS**—Linda Woodward, Butler; Pam Menke, Indiana; Connie Worcester, Missouri; Rochelle Phillips, Washington (St. Louis).

**MISCELLANEOUS**—Senior Class President, Sandy Deckert, Duke; Student Body President, Judy Hughes, Fresno State; Homecoming Chairman, Ann Devins, Cincinnati.

- Two special awards: Joan Preston, Southern California, was voted outstanding senior by the senior class. Diane Tucker, Washburn, was given the Sophomore Cup, a faculty award for the school's most outstanding sophomore.

# Here Are Our Initiates—1960-1961

For the fourth year we present herewith the geographical listing of Theta's initiates. In previous years in our introduction we've told you *why* this listing is important and useful. By now we think *you* have found the reasons for yourself: if you're a Theta official, we're sure it has proved invaluable; if you're just a member, perusing it has been edifying and plain fun! Happy reading to you!

FIRST WOMAN ever to win the 100-year-old Harlan Fiske Stone Prize in a competition for first year law students at Yale University is Theta Barbara Babcock, shown above presenting her Moot Court brief and argument on Yale's Alumni Day, 1961. Judges from nearby Courts and lawyers from N.Y. and Conn. came to serve on the benches for each argument. Barbara, 1960 Pennsylvania grad, member of Beta Eta, is Theta scholarship winner (see inside, p. 18).
